SENIORITY ALLOWANCE (*Anzianità professionale edile -APE*)

It's an amount paid by the Cassa Edile to workers who have worked for a sufficient time to qualify for the allowance. Workers who are entitled to the allowance are those who on May 1st each year have worked at least 2,100 hours (work, sick leave, accident leave, leave for marriage and for military service) in the preceding two-year period, including those accrued in different Casse Edili.

Example of the preceding 2 year period prior to May 1st 2020: from 1/10/2018 to 30/09/2020. The amount is calculated by multiplying the pre-established amounts by the number of hours worked during the 2nd year of the two-year period.

Each Cassa settles the amount it is responsible for.
